

# *Help Us Tie a Bow!*

## **Rasmuson Foundation**

has recently awarded us a **\$20,000**

matching grant for work

**on Nike Site Summit**

Thanks to our generous donors,

we now need only

**\$12,000** to complete the match

by our September 30th deadline!

## *A little background ...*

- Since 2007, FONSS has been working to preserve Nike Site Summit at Arctic Valley
- Under a 2009 agreement with JBER, FONSS was given the opportunity to stabilize 6 buildings and save them from demolition.
- FONSS has completed 5 out of the 6. The last, the **Launch Control Building**, has been our biggest, most difficult and most expensive building to stabilize
- And we are almost done!

## **Now YOU can help us finish!**

Your gift, no matter the size, will enable us to meet the Rasmuson challenge

*... and tie a bow!*
